TEAM TALK

Welcome to today's match against Bolton Wanderers and their manager the former Liverpool full back Phil Neal.

As these notes were written before the Christmas holidays there could be a few changes in personnel for today's match which I hope will bolster the team and give us the push we need to get back amongst the leading teams.

The Christmas games, with many matches coming together, can often be a launching pad for a climb up the League. With nearly half the season gone and having played most of the teams in Division 3 I feel we only have to put a good run together to realise our ambition of promotion to Division 2.

I hope everyone had an enjoyable Christmas break and can get behind the team today to produce a good result.

Enjoy the game.

As you will see from our League table on the left, due to the holidays, these notes were prepared some time ago so we cannot give you an up-to-date position as far as the voting for The Player of the Year is concerned. However, a current table is exhibited at the Supporters Club office.

MAY WE WISH ALL SUPPORTERS, OFFICIALS, MANAGEMENT AND PLAYERS AT BELLE VUE, A VERY HAPPY & PROSPEROUS NEW YEAR, COUPLED WITH THE WISH THAT THE TEAM WILL GO FROM STRENGTH TO STRENGTH AND COME NEXT MAY WE SHALL BE IN THE POSITION THAT WE ALL WANT.

Have you made any New Year Resolutions. If not, why not resolve to help us to help the Rovers and at the same time help yourself. How? By joining the Supporters Club today. It will only cost you £1 if you are an adult (40p for Juniors under 16 and O.A.P's). Your membership includes free Insurance cover, free copy of the Rovers handbook (which normally sells at £1), an opportunity to travel in comfort on our coaches to away games and a free cash draw made at each home League match.

You could also decide to sponsor the goals scored by your favourite player or the team during the second half of the season. You can sponsor each goal by as little as 1p.

The very successful York Road Branch, which folded some months ago, purchased a shield which they named The Don Abbott Memorial Shield in memory of Don who was Chairman of the Supporters Club for many years and this was competed for by invited teams in a Sports Quiz. The shield has been passed to us and early in the New Year we hope to organise a similar competition for eight invited teams. The date and venue will be advised later. The format will be very similar to that used previously, except that the quiz will be confined to football questions and will include both teams and individual questions. This promises to be an enjoyable evening as amongst the teams being invited will be one featuring Rovers players, a team from the Rovers Junior players and a Press team.

If you have not yet obtained one of our special commemorative lapel badges (the 60th year of the Rovers membership of the Football League) you are advised to get along to our office without delay. These cost £2 each and will be a limited edition, i.e. once the supply has gone, they will not be re-ordered.

DON'T DELAY - GET YOURS TODAY!

Back Row (L to R): Mark Came, Mike Salmon, Kevin Bailey, Simon Farnworth, Jimmy Phillips, Steve Carroll (Youth Team Coach), Steve Thompson, Mark Winstanley, George Ohangi, Steve Elliott, Dave Sutton, Warren Joyce, Paul Clarke, Colin Irwin (Coach), Peter Nightingale (Physiotherapist)

Front Row (L to R): Paul Allen, Julian Kirby, Mark Gavin, Phil Neal, (Player/Manager), Derek Scott, Tony Caldwell, Asa Hartford.

MIKE SALMON (Goalkeeper) - In July Bolton paid Stockport County £18,000 for the former Blackburn Rovers Goalkeeper, the fee being set by a transfer tribunal. The 6ft 2ins. Leyland-born player made his League debut for the Wanderers against Swindon Town on the opening day of the season.

PHIL NEAL (Defender) - A veteran of more than 700 senior games, the former England full-back picked up a record eighth League Championship medal in May, five months after leaving Liverpool where he spent 11 glorious years. Fifty International caps plus European Cup and League/Milk Cup winners medals make the Bolton player-manager, who began his career with Northampton Town, the most decorated player in the domestic game today.

JIMMY PHILLIPS (Defender) - Another product of the Bolton youth academy, the local-born defender has made the majority of his appearances at left back but has also played in the centre of defence and in midfield.

MARK CAME (Defender) - Made an enormous leap from North West Counties League football to the professional ranks when he joined Bolton from Winsford United in April, 1984. The solid central defender, who made his Wanderers League debut in September that same year, has been a regular in the first team squad ever since.

DEREK SCOTT (Defender) - The most versatile player in the Bolton squad. The former England Schoolboy International, who hails from Gateshead, played in almost every position during his 11 seasons with Burnley, making his League debut in the First Division. Joined Bolton in June 1985 for a £20,000 fee. He is currently making his way back to action after a chest injury in the opening game of the season.

ASA HARTFORD (Midfield) - Capped 50 times by his country, the former Scottish International was considered in the "veteran" stages when he joined Bolton in the summer of 1985 from Norwich, for whom he scored the winning goal in the Milk Cup Final that year. But he proved his durability by ending the season as Bolton's only ever-present. Still a great influence in midfield, the former West Brom, Manchester City, Everton and Nottingham Forest star is the Bolton captain.

WARREN JOYCE (Midfield) - The energetic, enthusiastic all-rounder is in his fifth season in the Bolton first team, after making his League debut at Carlisle in the Second Division in April 1983. He won representative honours as a schoolboy at cricket and rugby before turning to a career in football. Missed last season's Freight Rover Trophy Final through injury.

STEVE THOMPSON (Midfield) - A talented midfield player with a powerful shot, Steve is a penalty spot specialist. A Bolton regular for the past three seasons after graduating from the junior ranks of the Club.

MARK GAVIN (Midfield) - Phil Neal's first transfer "buy" in April, 1986. Wanderers paid Carlisle United a small fee for the speedy former Leeds United winger, who is at home on either flank.

STEVE ELLIOTT (Striker) - Bolton paid Walsall £25,000 for the former Nottingham Forest apprentice who has had spells with Preston North End and Luton Town. Came to prominence at Deepdale after a £95,000 transfer. Scores goals himself but is also regarded as a provider for his attacking colleagues. Steve made his Bolton League debut against Swindon on the opening day of the season.

TONY CALDWELL (Striker) - It's been goals galore for the Salford - born striker since he made a sensational switch from non-league football in 1983 when he joined Bolton from local club Horwich RMI. He was a part-time professional when he set a club and Third Division record with five goals in a game against Walsall in September 1983 and has been Bolton's top scorer three seasons in a row.

DRIVE THEM HOME WITH HI-TEC.

To play better soccer you need determination, fitness, the will to work hard and, above all, the ability to control the ball.

A better football boot can help, as our own soccer stars know only too well. They know Hi-Tec bring out the best in a player. Here's why:

Peter Reid looks at the new Hi-Tec Napoli.
A boot that really scores all round. With full-grain Nappa leather uppers, computer aided toe stitching for total support and ball control. Rebound memory insole. PU Multi-Flex riveted sole and replaceable studs.
A boot as professional as player of the year Peter Reid.

Sizes 6-12 (39-46) 1/2 sizes

Look what Steve MacMahon thinks of the new Hi-Tec Manta.
Staying competitive throughout a game requires a boot that's totally comfortable and responsive. The Manta fulfils that role, with soft, full-grain Nappa leather uppers, van-width lacing for forefoot support, a stability counter to control heel movement and a durable PU Multi-Flex sole with replaceable safety studs.
Areal Super Star's boot.

Sizes 4-12 (36-46) 1/2 sizes

Emlyn Hughes gives the low-down on Hi-Tec Torres.
A great boot that has all the style, quality and features of Hi-Tec's professional boots, including Nappa leather uppers - and all for under £20.
It's comforting to know Hi-Tec think about a player's pocket as well as their game.

A LOOK BACK AT THE PLAYERS & EVENTS OF
THE LAST 108 YEARS
BY TOM BEARDSLEY

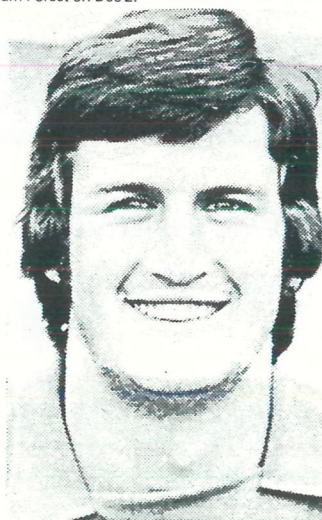

OCCASIONAL OPPONENTS

The paths of today's visitors and of the Rovers, have rarely crossed. The 'Trotters' were formed five years before in 1874, founded by members of the Bolton Christ Church Sunday School. They were one of the original members of the Football League in 1888, so this is their 85th season of League membership, 25 years longer than the Rovers. Thier Burnden park stadium is probably the finest in the Third Division. A ground which held 69,912 in 1933 v Manchester City. So, to anyone who hasn't visited Bolton's ground, a 5,000 crowd looks lost. They moved there in 1985. The Trotter's were relegated to Division Two in 1903 - the season the Rovers lost their Division Two place. But the Rovers were back briefly for the 1904/5 season and travelled to Burnden Park on Oct 22 1904 for the very first League meeting between the two clubs. And it would be another 81 years before they returned there-for a Division Three game on Feb 2, 1985.

That illustrates the varying fortunes of the two clubs. For many years the Wanderers were one of the giants of the game. They reached the final of the FA Cup on seven occasions - 1894, 1904, 1923 - the first Wembley final, 1926, 1929, 1953 - the 'Mathews' final and their last appearance under the twin towers was in 1958 when they beat the sad Manchester United XI. They fell into Division Two in 1964 and didn't return to Division One until 1978. Back to Division Two in 1980 and into the Third Division for the first time in 1983. The Rovers joined them there in 1984 and Bolton made their first ever League visit to Belle Vue on Sept 29th of that year - their previous visit to Doncaster for a League

game was on Dec 10, 1904 - and that game took place over at the Intake Stadium up Town Moor Avenue, at the Rovers original headquarters.

In the 1904/5 season the Trotters finished as runners-up to Liverpool in Division Two and returned to Division One. The Rovers had a very poor team - finishing bottom of Division Two - and left the League and joined the Midland Counties League. Not surprisingly Bolton scored an easy double over the Rovers that season, beating them 2 - 0 at Burnden and winning at Doncaster 4 - 0. A regular player for the Rovers in that disastrous season was ex Bolton forward Jimmy Hanson. Another link between the clubs more recently is their ex manager Stan Anderson who was at the Belle Vue helm from 1974 till 1978. He then left for Burnden Park and took over the reins there eventually, taking the Rovers long serving 'keeper Peacock. Dennis was none too popular at Burnden with his mixture of super saves and simple errors. The Rovers received £70,000 for Peacock in March 1980, but he was back at Belle Vue in 1982 for a free transfer. He had originally joined the Rovers early in the 75/76 season as part of the exchanged deal that took Terry Curran to Nottingham Forest. Ian Miller arriving with Dennis at Doncaster. In his two spells at Belle Vue Dennis made 373 League apps - a record for a Rovers 'keeper. He made his last appearance for the Rovers at Bristol Rovers' Eastville stadium on Feb 8, 1986. Bolton fans might like to know that Dennis retired from the pro. game due to a back injury. He left the Rovers in the close season but recently turned out for them again in his benefit match against his first club Nottingham Forest on Dec 2.

Two recent connections with the Trotters. Left the Rovers manager Stan Anderson who went to Bolton in November, 1978 as assistant manager before eventually taking over the reins there for a short spell in February 1980. Right Dennis Peacock, whose 16 League appearances for Bolton cost the Burnden Park club over £4,000 per game, before Dennis returned to Belle Vue to set up the record number of appearances for a Rovers' 'keeper, beating Ken Hardwick's record of 307 League apps.

The Trotters have excellent away support and their last two visits to Belle Vue, on Sept 29, '84 and Aug 24, '85, have given the Rovers two of their best gates in the last couple of years. The 4,850 att. from their first Belle Vue fixture was bettered only four times in '84/85 - against Rotherham and Derby and against two promoted sides Hull and Bradford. The 3,414 att. last season was

only bettered three times. Against promoted Derby and Reading plus the Xmas derby with Notts County. Here's hoping the large Bolton following can enjoy today's game - despite the handicap of the cage behind the Rossington End goal, which everyone at Belle Vue abhors but which was forced upon the club due to the new safety restrictions.

The Bolton Wanderers of 1901/02, the season the Rovers entered the League. The Trotters XI finished 12th in that seasons Division One and included forward Jimmy Hanson who was to play at the Intake for the Rovers in the disastrous 1904/05 season. Back; Brown, Freebairn, Davies, Bannister, Thompson, Ostick, Halliday. Middle; Stokes, future Rover Hanson, McKie, Taylor, Tracey. Front; Brown and Picken.

ROVERS REDS CLUB

by Jean Skippon

Sponsored for 1986/87 by Bob Nellis Trophies.

I would like to begin by giving my sincere apologies to 'Carl Mincher' and his family. Carl was our mascot for the Fullham match played on the 1st November. I understand that facts published in the programme weren't quite right. My fault entirely Carl, and I hope this will put things right for you.

I would also like to thank a 'Mr. M. Kirk' who comes from 'Bishop Auckland', after the Whitby game at Belle Vue, kindly donated a bottle of wine for the 'Rovers Reds' Christmas Party Raffle. This was a marvellous gesture by Mr. Kirk and proves that there is good will between football supporters naturally a letter of thanks is sent via - Whitby Town Football Club.

We hope everyone is having a super Christmas, and enjoying presents received. A lot of us are lucky at Christmas as we have our families to share the festive season with. But spare a thought for our teams, of which several of the lads can't manage to see their families. So today being Boxing Day let us give the lads a special cheer, and wish them all the best.

GILLY'S GAS A PERSONAL VIEW OF THE SPORTING SCENE

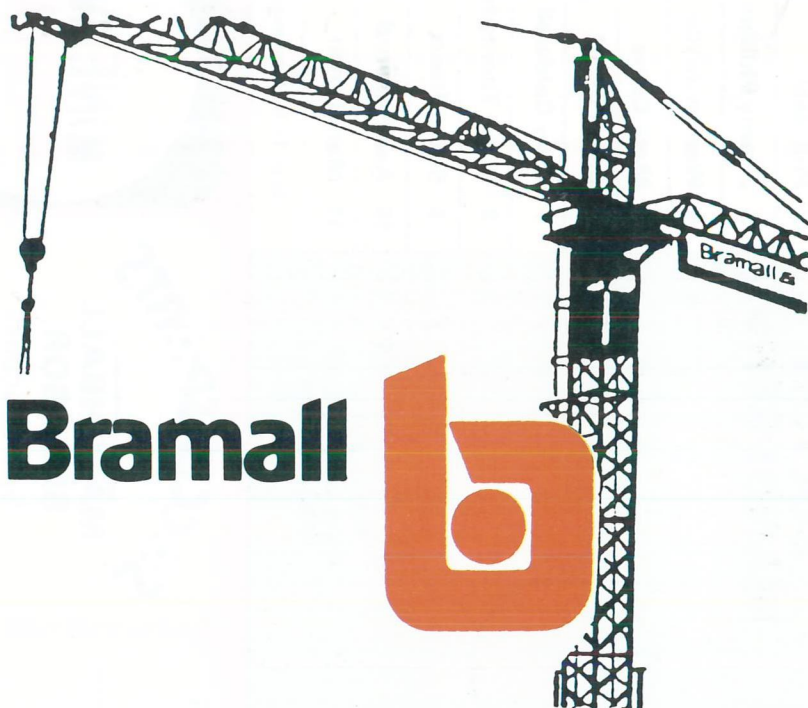

One of the more controversial issues in football over the last few years has been the introduction of artificial pitches to the Football League. Queens Park Rangers were the first club to take the plunge, installing their Omniturf pitch during the summer of 1981 at a cost of £350,000. The move was greeted with suspicion at first, and with some justification as the men from Sheperds Bush developed a fine unbeaten run on their new surface. But the main argument against the pitch lay in the fact that the ball bounced to alarming heights and made control difficult for opposing players. Not surprisingly, Rangers argued that if their players could cope, then the other clubs should try a bit harder. A year or so later, amid increasing concern, the Omniturf was taken up and a layer of sand laid below it in order that the sand would act as a cushion thus lowering the "bounce factor". The theory worked to a certain degree, although viewers to last seasons televised Milk Cup Semi - Final between Q.P.R. and Liverpool might argue otherwise. A further complaint about such surfaces comes from the players, who tend to suffer from friction burns after sliding on it. This would appear a valid point, but not sufficiently important enough to discourage other clubs from following Rangers example. Last season, I saw the Luton v Everton Clash at Kenilworth Road, (this was of course prior to the recent ban), and was most impressed with the artificial surface installed there. The ball bounced at quite a reasonable playing height and both teams seemed quite at ease on its flat even surface. The beauty of such installations is that games can go ahead even in the worst weather conditions plus there is practically no need for maintainance as the pitch does not need re-seeding or repair at the end of the season. Clubs like Q.P.R., Luton, Oldham, and Preston have shown the way I'm sure others will follow in their footsteps before too long.
